Television is constantly reinventing itself through new formats and innovative technologies; however, a multitasking consumer accesses contents in several different ways.

This is why it is essential to count with strategic information about one of the most industrialized and dynamic industries in existence.

Newsline Report Prime Time is born with the premise of delivering the best information in the industry and be the face of Latin American content in the world.

With this objective in mind we publish Spanish and English editions, segmented according to the different markets, and participate in the most important events in the world.

- NATPE / SPANISH
- MIP TV / ENGLISH
- L.A. SCREENINGS / SPANISH
- MIPCOM / ENGLISH
- DISCOP AFRICA / ENGLISH
- DISCOP EAST / ENGLISH
- FORUM BRASIL / SPANISH
- DISCOP / ENGLISH
- ASIA TV FORUM / ENGLISH

Newsline Report Prime Time reaches the main programmers in the world for free, highlighting the emergent markets of Latin America, Asia, Europe and Africa, as well as the growing Hispanic Market in the United States.

Every aspect of the business is present in Newsline Report Prime Time.

Formats, Distribution, Realities, Production, Soap Operas, Services

TV, New Media, IPTV, Cable, Mobile

With correspondents in main countries, we can assure each market's best coverage with trustworthy and attractive information of everything that really matters.

Statistics, Interviews, Special Reports, Product Guides, Who is Who

Guaranteed by 20 years of Newsline Report's leadership in Latin American Pay TV and Technology markets, Newsline Report Prime Time is born with the purpose of becoming a flagship in the content industry.

With an initial circulation of 7.000 copies, plus an extra print run for the events, Newsline Report Prime Time is positioned as one of the publications with the highest circulation of the market and the only one of the Latin American region with global distribution, as well as an excellent graphic quality that distinguishes the publishing house in every one of their products.
